◆ Characteristics

PVC design cover with 0.5mm wear layer

Best maintenance properties with the latest generation of PU surface treatment

Security from guarantee period of ten years

◆ Structure

- PU coating to protect surface
- Strong wear layer to guarantee resistant function
- Attractive and various patterns express unique style
- Middle layer
- Backing layer

◆ Technical data

Standard	Reference	Result
General Performance	EN 649	22,33,42
Abrasion Resistance	EN 660-2	Group T
Silp Resistance	DIN 51130	R10
Residual Indentation	EN 433	<0.1mm
Chemical Resistance	EN 423	Excellent
Light Stability	ISO 105B02	6 or Better
Dimensional Stability	EN 434	<0.25%
Flexibility	EN 435	Pass
Flammability / smoke Emissions	EN 13501-2	B fl S1
Castor Chair Resistance	EN 425	Pass
Toxic	EN 71 Part 3	Complies

Stuitable for underfloor heating Max 27°C
